RAÚL BABINES

METAMORPHOSIS COLLECTION

SOFT ROBOTICS

LARVA (or caterpillar)

Garment made of flexible materials that simulates the texture of a caterpillar.

COMPUTATIONAL COUTURE

PUPA (or chrysalis)

Details made of 3D printing with rigid and flexible materials

MODULAR ASSEMBLY

ADULT (imago)

Piece that incorporates colors and textures inspired by beetle shells.

CATERPILLAR VEST

- Vests can be worn by both men and women, and their design can be adapted to different body types and personal styles.
- The vest can be worn in various combinations, both formal and informal. It works well over shirts, blouses, t-shirts, or even dresses, adapting to different styles.
